Dear Colleagues,

It is our pleasure to invite you to participate “**International Pumice and Perlite Symposium (PuPeS’21)**”. We will be happy to host you in **PuPeS’21**. **PuPeS’21** will provide an excellent international forum for sharing knowledge and expertise of the students, researchers and also industrial community. This international symposium covers highlights about new results in the wide spectrum of categories from natural science and engineering in theory, methods and applications on pumice and perlite. The participants will have the opportunity to take part in the presentation of plenary lectures, contributed papers of both oral and poster session types, and of their scientific discussions. Those will be done in 12 different topics which will be presented in a different themes and sessions.

The symposium will take place in the period of 4-6 November, 2021 in Bitlis Eren University (Turkey) which is known as the new sun of the science. Destination Bitlis is a charming city embracing history and nature, including the unparalleled Mount Nemrut and Crater Lake, which is the second biggest volcano in Turkey and of the wonders of earth, Lake Van surrounded by the towns Ahlat, Tatvan and Adilcevaz in a crescent shape and with its Mount Süphan, five minarets, medicinal spring waters and welcoming people. Moreover Lake Van was choosen [number one photos by NASA in april 2021](#). Bitlis is located on the eastern of Turkey surrounded by Lake Van. Bitlis is calling you with 7-thousand years-old of history and its attractive nature.

Important note: For all participants *presenting* at the symposium, symposium fees and accommodation are covered by our sponsors. Additionally, travel expenses are also covered by our sponsors for keynote speakers.

Hope to see you at PuPeS 2021 in Bitlis.
