Dear

Colleagues,

It is our great honor and pleasure to invite you to the **34th Asian-Pacific Technical Exchange and Advisory Meetings on Marine Structures (TEAM 2020/21)** to be held **on-line** from **December 6th to 8th, 2021** at **Istanbul Technical University, Turkey**.

The aim of the TEAM conferences is to provide an opportunity for researchers and engineers in the field of ships and marine structures in Asian-Pacific region to exchange recent research results and new ideas and to promote discussions of problems in design and production techniques of ships and marine structures. TEAM 2020/21 will continue to inherit this aim. TEAM 2020/21 is the 34th conference since its first meeting in 1987. Globally renowned speakers as well as many professionals and experts from around the world will be invited to TEAM 2020/21.

Important Dates	
Abstract Submission	August 31, 2021
Abstract Acceptance	September 15, 2021
Preliminary Program	November 15, 2021
Submission of Full Papers	October 15, 2021
Full Paper Acceptance	October 31, 2021
Registration	November 15, 2021
Conference	December 6-8, 2021

For more information, please visit TEAM 2020/21 website (<http://team2020.itu.edu.tr>). The conference website will provide more information about submission, registration, schedules, and so on.

All people who have already presented papers in previous TEAM conference or intends to present papers this time or in the future are welcome to attend the TEAM 2020/21 conference. All participants can enjoy the friendly atmosphere and enthusiastically exchange technical ideas on ships and marine structures in this TEAM conference.

On behalf of the International and Local Organizing Committees of TEAM 2020/21, we would extend our warmly invitation to you to attend TEAM 2020/21 Conference in Istanbul, and we would also kindly ask you to extend this invitation further on to your colleagues. We will do our best to hold TEAM 2020/21 Conference as an event of great academic significance, valuable and life-memorable for participants, and look forward to meeting you at TEAM 2020/21.

Sincerely Yours,

Prof. A. Ergin
